EAST HIGH SCHOOL  
1924 VAN BRUNT  
KANSAS CITY, MISSOURI  
64127**

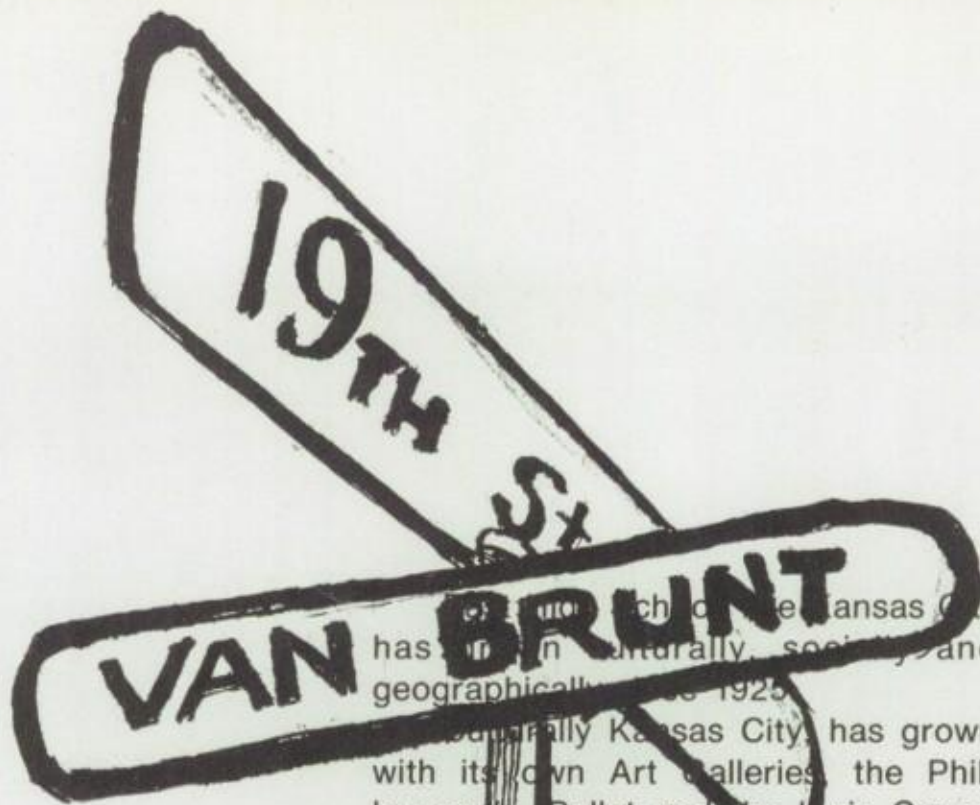

which of the Kansas City has grown culturally, socially and geographically since 1925.

Culturally Kansas City has grown with its own Art Galleries, the Philharmonic, Ballet and the Lyric Opera. Culturally East High School has grown too with its fine Drama department Visual and creative art department vocal music department and band.

Socially Kansas City has grown in population with its many races, creeds and colors. Kansas City has dealt with many social problems in the past 50 years. East has had to deal with many social problems also. Bussing and desegregation have caused some difficulties but with the support of the students and faculty, East has achieved the ultimate in solving the problems of desegregation by easing the pressure on the students.

Missouri is in the heart of the country, so Kansas Citizens are influenced by a wide variety of ideas and nationalities stemming from their surroundings. East High School is in the heart of K.C. School district and has been influenced, along with a good location, East was the first to deal with desegregation and cope with it successfully.

# EAST STUDENTS BUILD FOR TOMORROW

Boom! Fireworks weren't needed to aid the 1979 Eastonian salute to activities this year. The selection of Student Council Officers, Senior Class Officers, Drill Team, and the Cheerleaders made all the noise needed. These were only a few of the multitude of clubs at East High School.

This year, students are shown doing what comes naturally, playing and working. For it isn't easy just sitting inside a classroom. Students get restless and feel like jumping up and running out the door into the world—without a corridor pass.

The whispers hiss back and forth across the rows of desks; they can't sleep. They listen to the noises of monotony; pencils scratching, fingers drumming, pages idly turning, pens tapping. They watch the clouds move or they stare at the ripples of heat rising from the radiators past the open windows. Their eyes are heavy and their lead-weighted feet ache to be barefoot and pounding against the packed sand of a hot windy beach.

Outside, a truck roars past and everything vibrates for a brief instant.

Floors, desks, students—everything comes quivering to life and nods back into death. They glance at the clock on the front wall and sigh.

This is the mode of most schools, but East High School students are exceptional . . . an exuberant spirit . . . a zest for life is captured on each face. Their eyes and ears are open to the beat of the challenge, from the labs of chemistry and biology, to the vocational program of C.O.E. The students put their all into meeting the every day but rigorous courses of English and math.

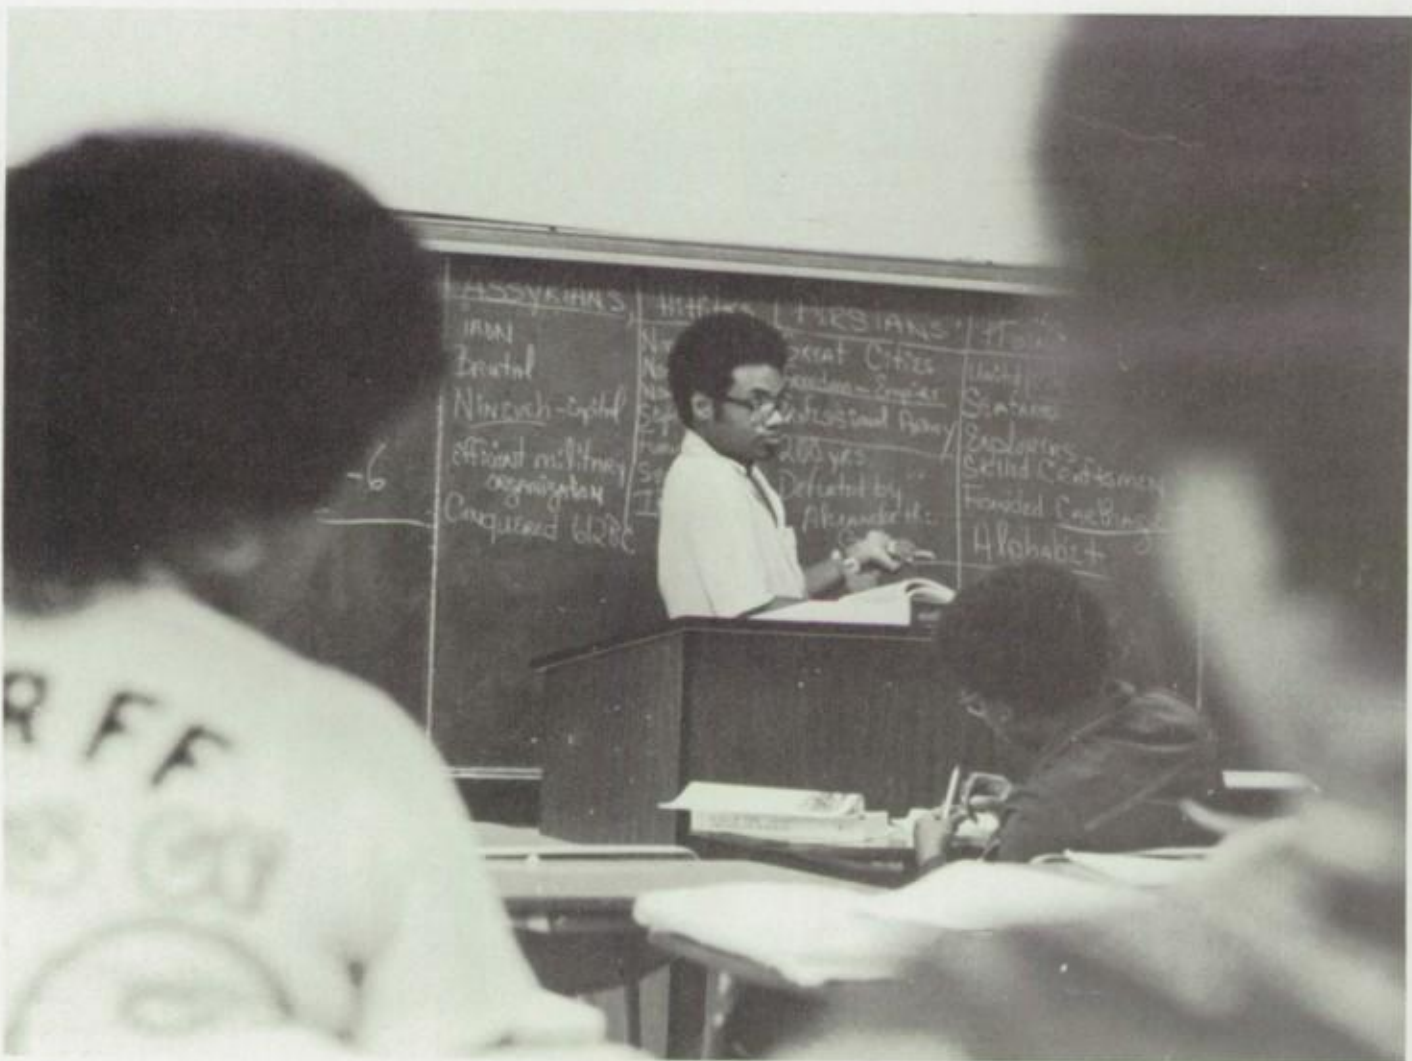

David Washington and Gary Johnson are enthusiastically Boarding.

Willie Murillo, Kevin Shaw, enjoying the view. Wow! 36-24-36.

History teacher, Mr. John Hopkins, getting his point across.

"Sorry, Mr. Love isn't in right now."

"Hup two, three, four."

"Gee, this meal is really delicious."

Attention!

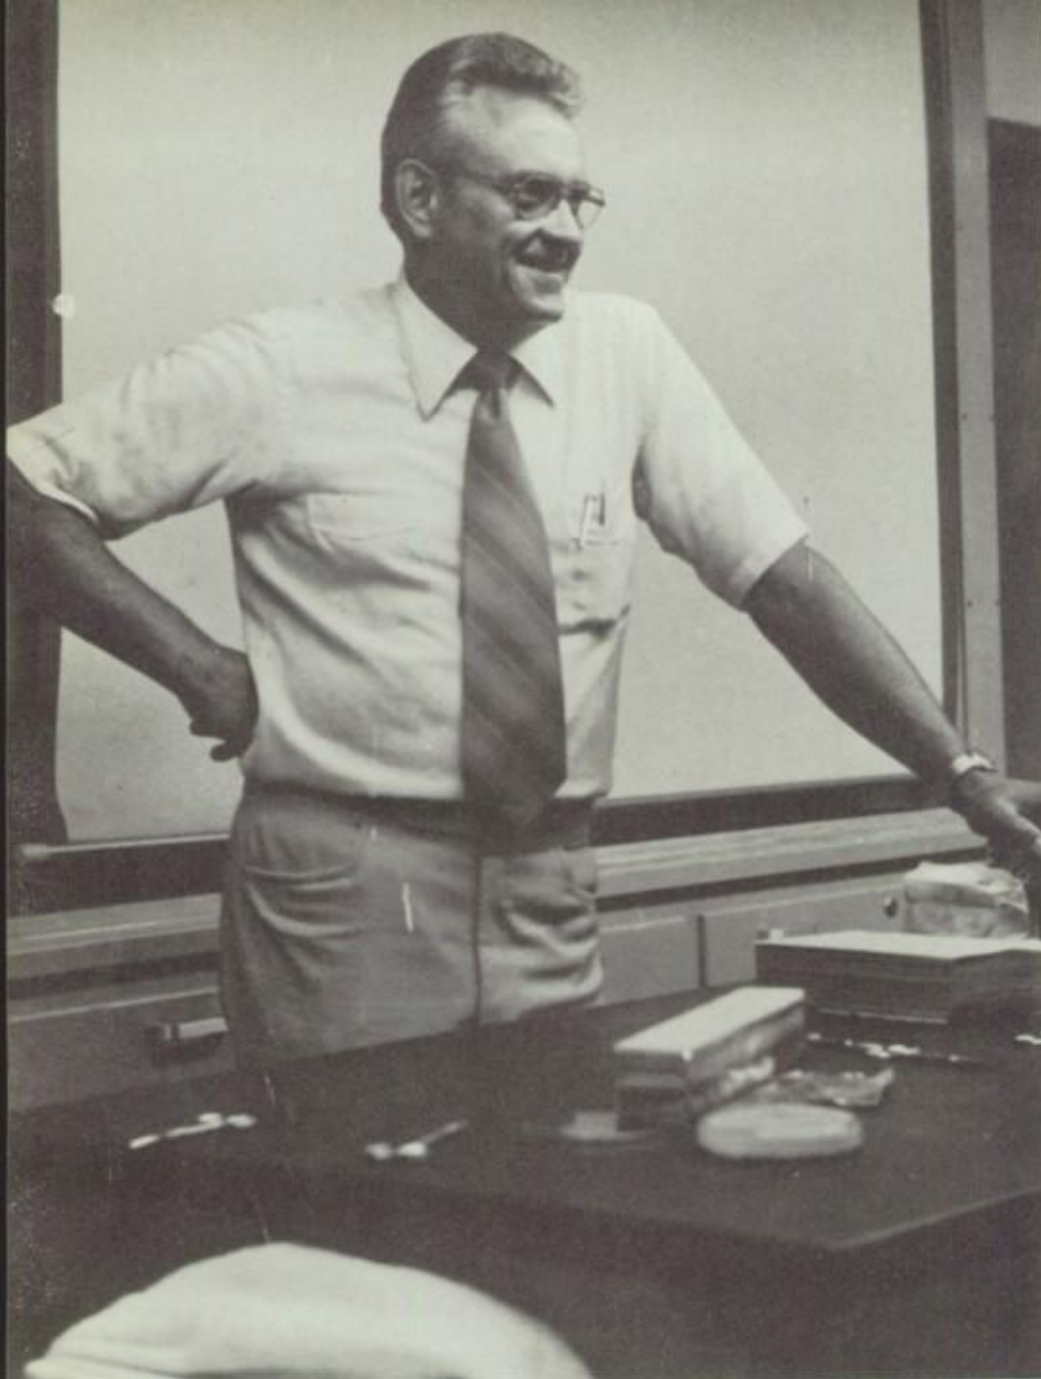

Students as well as administration checked to make sure that all activities of the day were a success, whether it was in the classroom or the cafeteria. Administrators show interest in the well-being of the school, not just for safety, also students.

Vice Principal, Mr. William White, checks doors to make sure that they are in good condition.

Major Willard Hintz, Monica Jacobs, Norvell King, Eugenia Hill, Jimmy Woods, Wesley Garrett, Michael Wilson, Jeff Gardner, Chaurita Mitchell, Melvin Jackson.

"Now I know my Twinkie was here yesterday."

Ricky Withers, Sam Stallings, Monte Reese. Melody? Roxanne? Yolanda? Decisions, decisions, decisions.

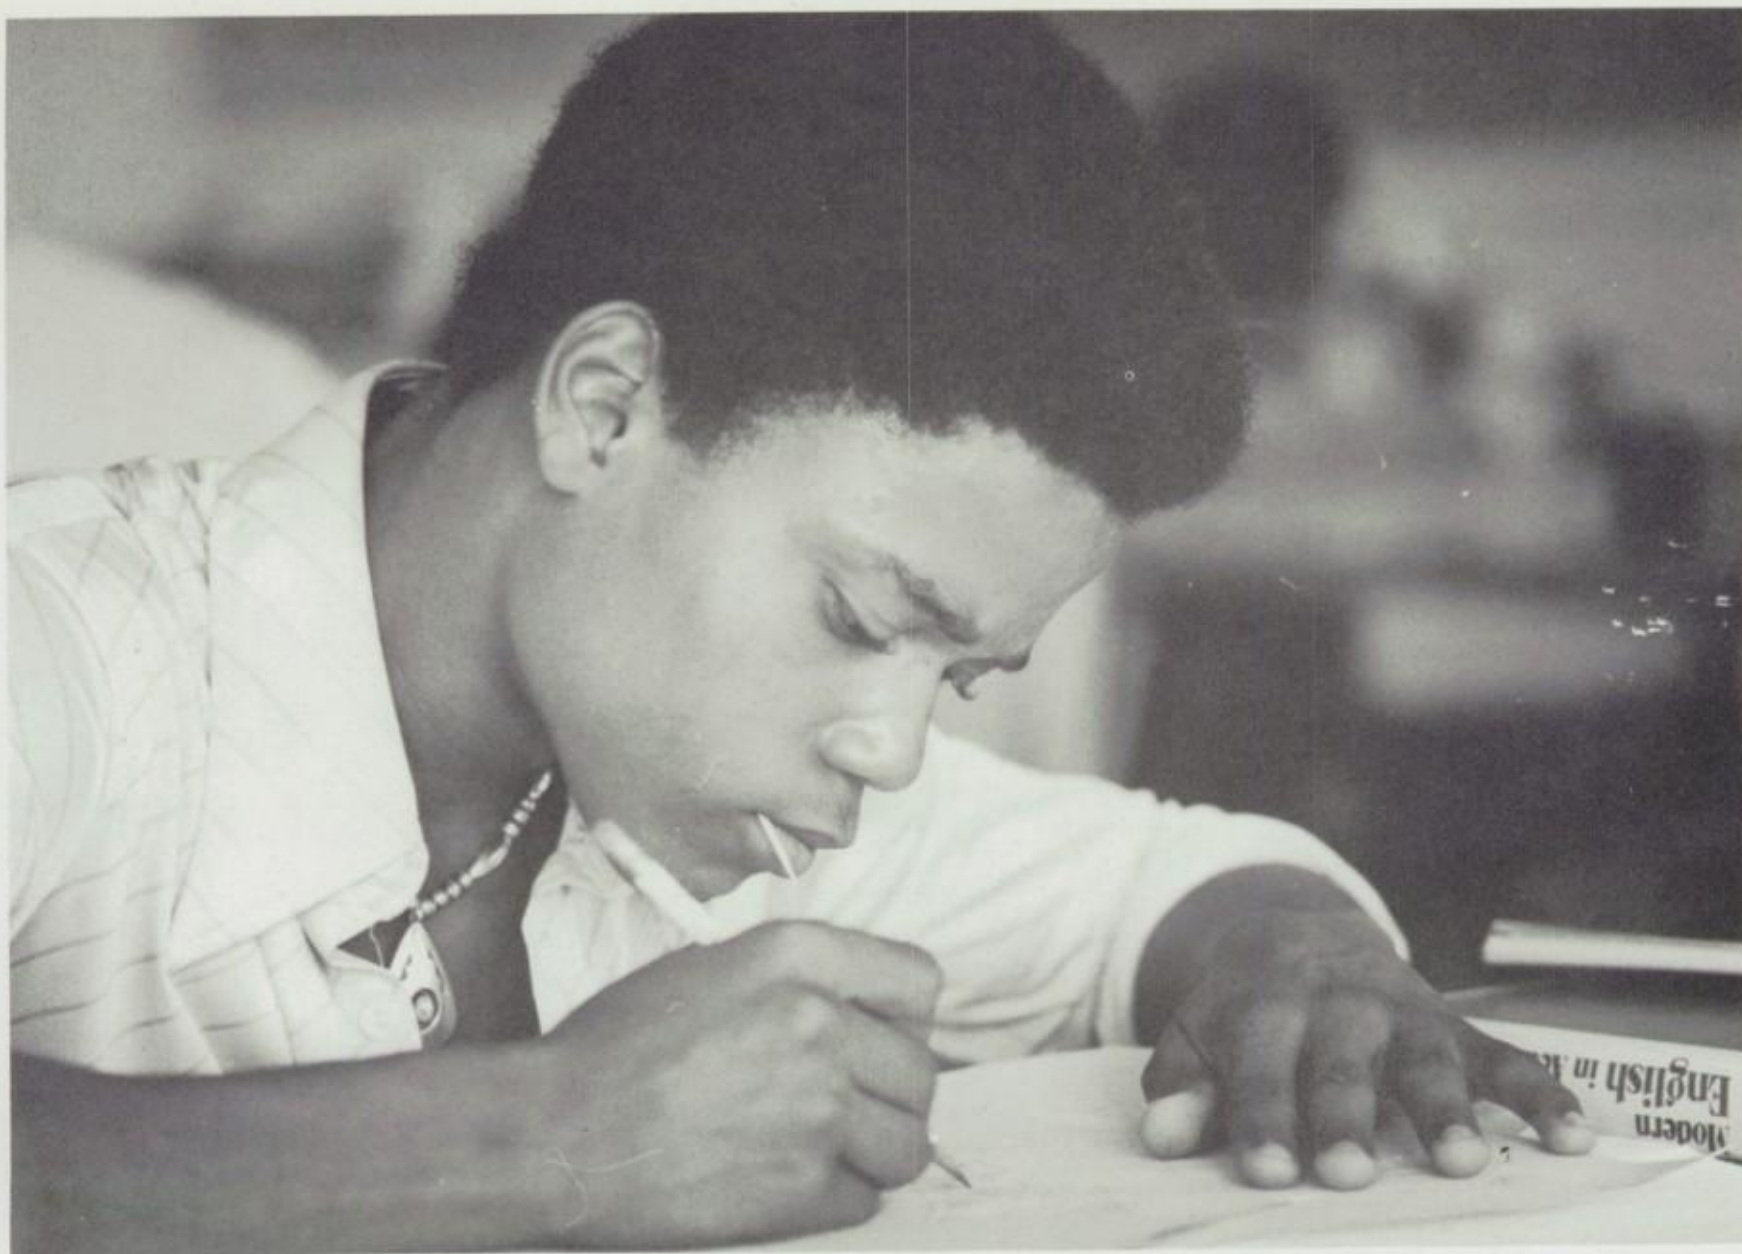

Pam Flye and Mr. Tom Mallot are ready for graduation.

"I told you so, Mr. Benson."

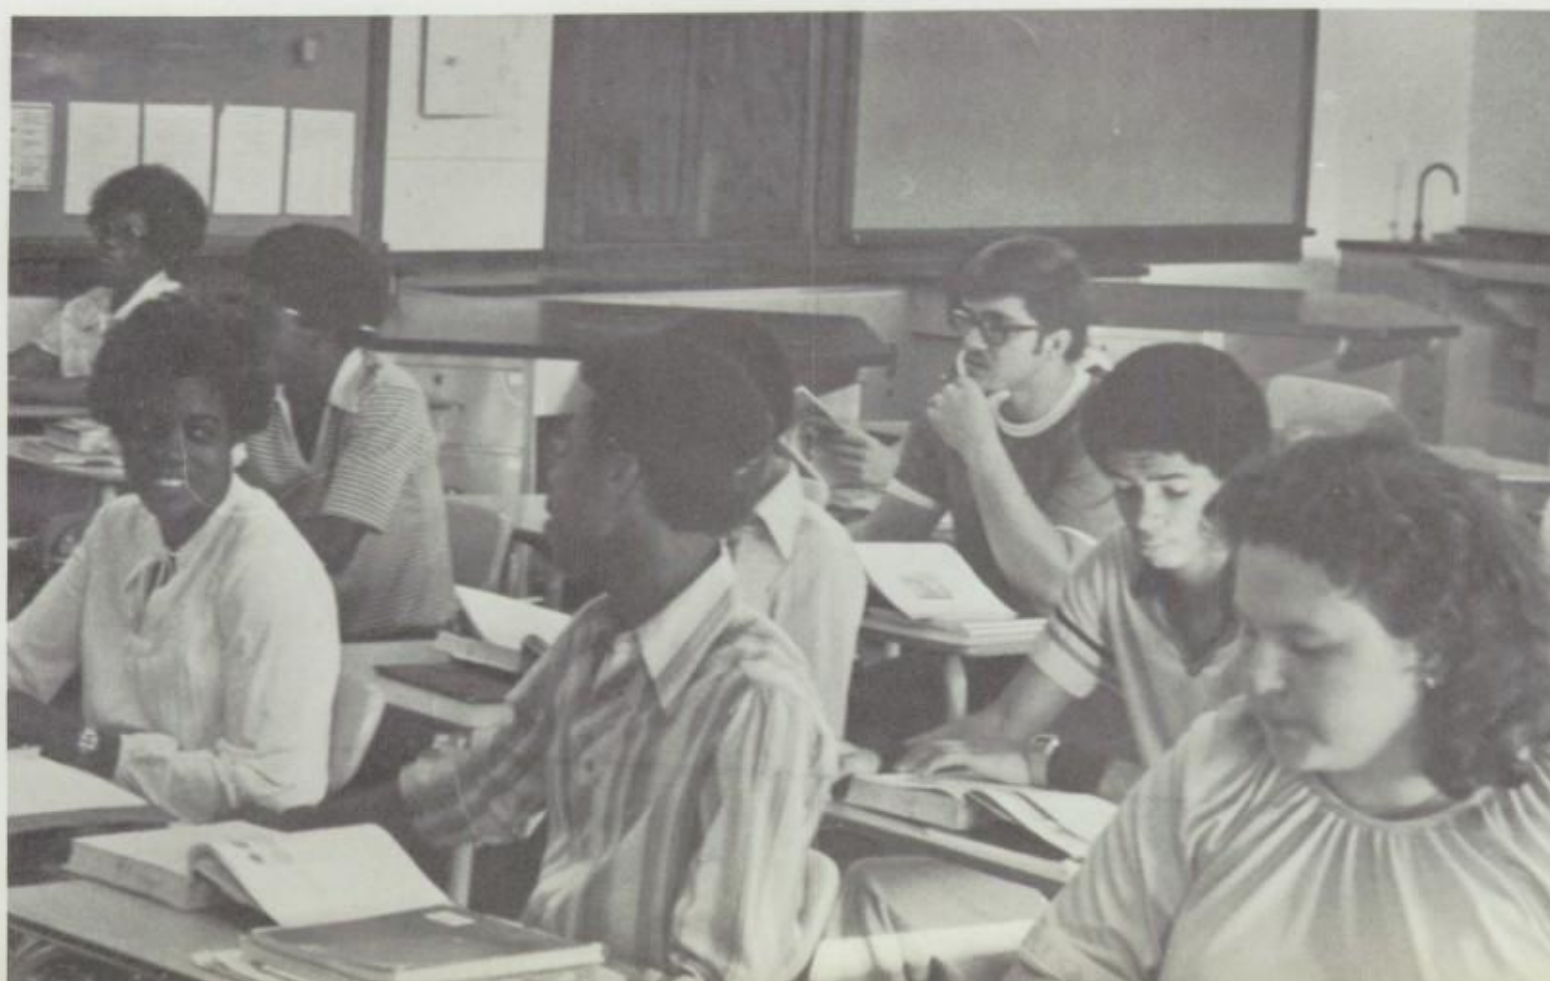

Scott Thomas says, "Its all in the wrist."

Time to play.

The East Bears were hard to beat, as they proved last year. The Bears were League Champions. They tried hard to keep their championship. The athletes all worked hard, whether at football, basketball or volleyball. They put their best foot forward and tried to do their best. Whether they won or lost, they kept on working. That's the name of the game.

Coach Marrow helps Steve Reese off the field after a very tough play.

David Johnson, No. 71, can't believe Tony Wolfer, No. 20, is sitting down at a time like this.

Volleyball has become one of the most popular Interscholastic League sports. Last year, 1978, East girls' volleyball team was the Interscholastic Champs.

There are many different types of science and the hardest part of teaching it would be keeping the students interested. With the many different types of science, that shouldn't be hard. # CAREER DAY WAS A SUCCESS

The first Career Day was held on October 11. A few days before the Career Day the students had a wide variety of choices to choose from, for instance, Construction work, Secretarial work and many others. They learned information about education needed for different jobs and what the salary would be. The students then were divided up into 15 groups. They went to the rooms of the speaker they chose. They gathered information and had their questions answered.

# HOMECOMING PARTICIPANTS

Young people today are full of bounce and energy. The clubs and organizations act as an outlet for the enthusiastic ones.

Girls and boys served their school faithfully this year. Pep club, pom pom, chess club, cheerleaders, R.O.T.C., and Eastonian staff served their sponsors well. Their zest for life and bubbly personalities came through.

It has been an exciting year of games, Homecoming Parades, and dances as well as many awards.

The students with whom we share our days and experiences became our friends.

# STUDENT COUNCIL OFFICERS

Student Council began the year with officers that were elected directly by the student body.

Student Council, as usual, had an active year. They were active in community affairs as well as school affairs. They raised money collecting for the United Way. They reached a goal of over eight-hundred dollars. The Coke

machines and the Bear Necessity Store also provided much-needed funds. Money raised was used to finance the Honor Society Pins and the Broaklick Award.

They also organized the orientation, the Homecoming and Parade successfully. Sponsors this year were Ms. Betti Pierce, Mr. Robert Holder, and Ms. Linda King.

# EASTONIAN

The yearbook staff worked together many hours to prepare the 1979 Eastonian for publication and distribution.

Instead of having a posed group picture, Mr. Mallot's camera observed us in preparing layout sheets, doing paste-ups and checking over body copy.

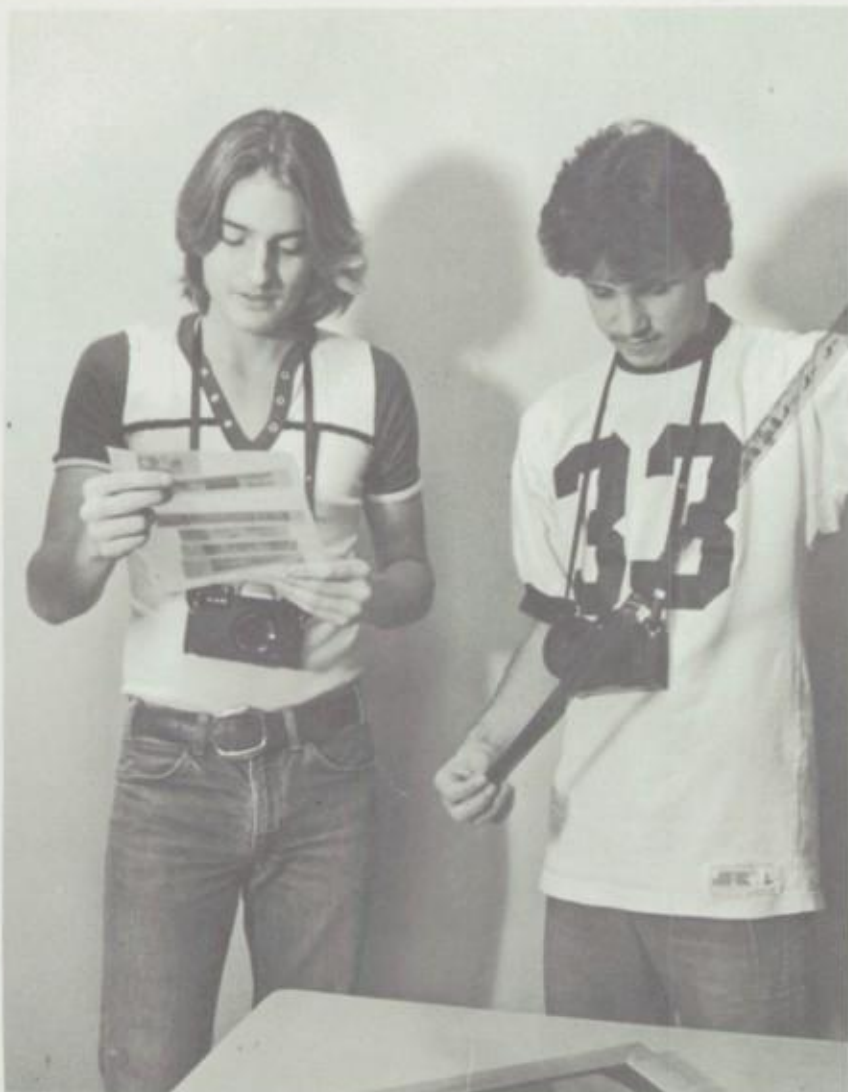

The advanced photography class taught by Mr. Mallot took all of the pictures for this year's book. The staff had to work extra hard because our sponsor, Mrs. Elaine Schlozman accepted a new job opportunity with the school district, and went to her new assignment before the end of the first semester.

The new sponsor, Mr. Laurence Mason worked with the staff, school, and Walsworth personnel in putting the story of the 1978-79 school year in print. East has produced a yearbook for many years. The enthusiasm and effort of former students serves as a guide when deadlines need to be met. New people on the staff add ideas to improve the Eastonian. The job of the staff is not easy, but the skills learned by working together are valuable for the future.

The subjects offered at East are both college preparatory and vocational. The high school curriculum attempts the great task of developing a balanced personality and preparing the student for future activities.

Our own English language is probably taught and studied more extensively than any other subject in the school course. East's English Department strives to give the student a broad general background in literature as well as in grammar and structure.

Mathematics and science are two studies whose importance was recognized even as early as the time of the Egyptians in the solving of their practical problems. East has an outstanding math and science department.

The study of practical arts—woodwork, metalwork, drafting, cooking, and sewing—has a lasting and

easily recognized value. Besides preparing students for careers in these fields, these subjects may constantly be applied to needs of the home.

Music, art, photography, and dramatics are essential to the full enjoyment of life, or even a career.

The work of the R. O. T. C. and Athletics departments recognizes the fact that physical well-being is a prime necessity for work of any nature.

Both Spanish and French, the only languages taught this year, have an unquestionable importance in the present day world.

By teaching today's youth the history, of mankind teachers play an important part in preparing the next generation to carry forward civilization's torch.

## COUNSELORS

Our counselors play a very important part in the life of every East High student. Any student may feel free to take his problems to his counselor, be it a low grade or a need for a college scholarship. Whenever problems arise, the counselors are always ready and willing to help in solving them. They encourage capable students to attend college and help many eligible and deserving seniors attain scholarships. Each student is indebted to his counselor, for his success in the future and his success is due partly by the guidance he receives in high school.

A counselor's work is never done.

# OFFICE STAFF

The office staff works hand in hand with the students and faculty throughout the year. Some of their duties are taking care of records, absences, and tardies. Along with the duties of typing bulletins, putting mail in the teachers' boxes. They manage to maintain their cheerfulness and interest in the student and activities of the school.

# VARSITY IN ACTION

The Bears opened up the basketball season this year with three tournaments, participating in the Interscholastic League, Liberty, and District events.

Although the final record shows a season of several setbacks, East students represented their school well. With continued effort and practice, these players will make great contributions to future East athletic teams, and in their future endeavors.

Good work guys.

Mark Owen up for a jump shot.

In your face.

The coaches are really getting involved in the game.

In the air for an easy shot.

As you review the happenings of the 1978 - 79 school year, many events will come to mind as being of special significance. Some of the students at East High School made noteworthy academic records and were included on the honor rolls. Others made contributions on the various sports teams which represented East in athletic contests. Some took the time to show that they cared about their school and those students, faculty, staff, and administration who ARE East High.

No yearbook could begin to picture each of the hundreds of events that make up each school day. The events captured by the yearbook photographers give a glimpse of this school year that we can treasure throughout the years.

Many persons have been a part of East High School since its beginning in 1926. As this edition of the Eastonian is prepared for publication, we learn of the passing of Dr. Wallace M. Grube, the first sponsor of the yearbook. Dr. Grube was a teacher of horticulture and photography until his retirement in 1961. An avid sports fan, he received a school letter jacket in recognition of his support of Bear athletics.

"Pappy", as he was known to the thousands of boys and leaders who attended camp in the summertime at the Bartle Scout Reservation near Osceola, Missouri, served as handicraft director from 1929 until 1978.

Education was an important part of Dr. Grube's life. His father, Wallace, was dean of Missouri Valley College, Marshall, for over 25 years. His mother taught music at Clarksburg and Odessa.

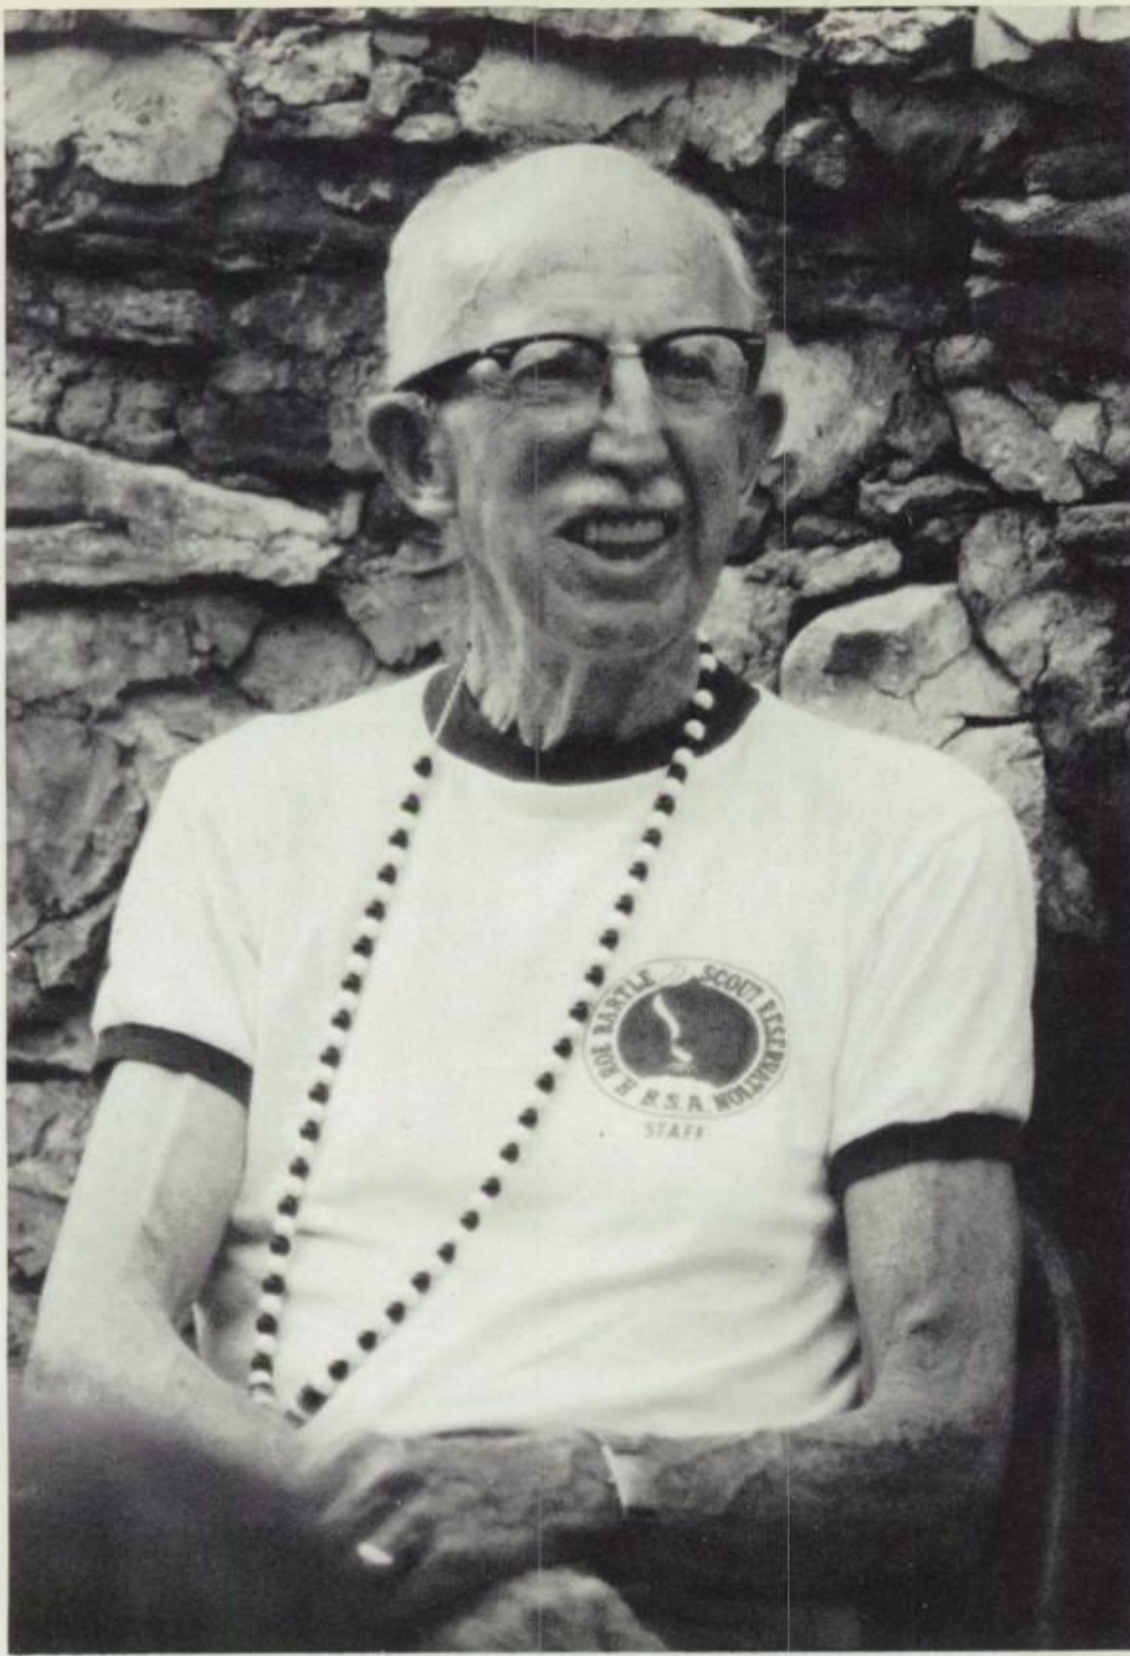

Two of Mr. Grube's sisters taught in the Kansas City Public Schools. Erdice Grube taught at Central and Northeast from 1921 to 1954, and Bessie Grube taught at Westport from 1929 to 1957. Each member of this family recognized the importance of education, especially in the troubled times in which they lived.

In 1979, strife and turmoil still seeks to divide our world. We still have the opportunity for a better future within our reach. The course of the world in the days ahead is ours to determine. May the inspiration of Dr. Wallace M. Grube and others like him who have given of themselves for the betterment of society bring true meaning to our years of education at East and in the future.

Enjoying a moment with a small friend.

Steve, (Media Month)

I think I've known you for  
a few years but not all  
that well. Maybe during  
my last two years up here  
I get to know you better.  
Hope you have a good, fun  
but safe summer.

Until Next Year,

To Steve  
A funny yet  
very nice & sweet  
young man who  
even though he's a  
different color he's  
still a good friend to  
me. Don't forget to  
write even if we aren't  
in the same English  
Class next year.
